

Week 1 - Mock-up:

Listening to you + Lost and Found + Punctuality App

Main focus: 2-way communication app

Features:

1. Reminders for flag-raising, lessons & other school events (connected w. Google Calendar, e.g. 10 mins in advance)
2. Notification for any changes for above school events (e.g. change of venues)
3. **Wall of Shame** on notification page for late comers
4. Feedback function in which students can express their thoughts on some areas for improvement in school or the app.
5. Lost item form, & potential feedback from SSC if anyone has found anything.

Outline:

- **Sign in/Sign up page** - with school email + state which class they are from
- Different tabs on the top/side of app for diff functions (lost & found/notifs/calendar/feedback)
- **Starting page** - notification page (reminders to go for flag-raising/lessons/CCA/found items/replies to feedback) + wall of shame (Top 5 latecomers for the semester will be displayed with only their name and class and will be updated daily)
- **Calendar page** - to make changes to the timetables set on a 2-week basis
- **Feedback form/page** - Anonymous/non-anonymous platform for students to provide suggestions/thoughts on the improvement of school or the communication app - students can see feedback that others posted - solve button beside each feedback - students can propose solutions

- **Lost & found page** - students able to search through what is in lost and found - students can enter description of what items they lost - when SSC receives a lost item that matches description, app will notify student
- **Setting / Profile Page**
